

Notification

The sample collection centres/ facilities are inseparable part of medical testing laboratories. NABL has initiated recognition of declared sample collection centres/ facility (ies) through their NABL accredited medical laboratories.

This will involve assessment of all declared sample collection centres/ facilities, initially in top 30 cities. The assessment shall be conducted based on existing criteria /checklist (Checklist 3; NABL 217) from 1st April, 2018 onward. The sample collection centres / facilities will get due recognition after satisfactory outcome of assessment.
