

ILAC- International Laboratory Accreditation Co-operation

In order, to enable global acceptance of its accredited Conformity Accreditation Bodies (CABs), NABL maintains linkages with the international bodies like International Laboratory Accreditation Co-operation (ILAC) and Asia Pacific Accreditation Co-operation (APAC).

NABL is Mutual Recognition Arrangements (MRA) signatory to ILAC as well as APAC for the accreditation programs – Testing and Calibration (ISO/IEC 17025), Medical (ISO 15189) and Proficiency Testing Providers (PTP) (ISO/IEC 17043).

NABL is APAC Mutual Recognition Arrangements (MRA) Signatory for Reference materials producers (RMP) (ISO 17034).

Such Mutual Recognition Arrangement (MRA) is based on peer evaluation and acceptance of other MRA Partner accreditation systems.

ILAC is the international organization for accreditation bodies operating in accordance with ISO/IEC 17011 and involved in the accreditation of conformity assessment bodies including Testing Laboratories, Calibration Laboratories, Medical Testing Laboratories, Inspection Bodies and Proficiency Testing Providers.

The Mutual recognition arrangements enhance the acceptance of products and services across national borders, thereby creating a framework to support international trade through the removal of technical barriers.
