

NABL response to COVID- 19

1. [List of Medical laboratories for testing of RT PCR RNA](#)
2. Click the below links for list of NABL Accredited Testing and Calibration Laboratories performing activities related to addressing COVID-19
3.
 - a. [Labs for testing of Ventilators](#)
 - b. [Labs for testing of PPE for medical use](#)
 - c. [Labs for testing of Sanitizer – Efficacy](#)
 - d. [Labs for testing of Gloves –Sterility](#)
 - e. [Labs for testing of Mask – Bioburden, Sterility](#)
 - f. [Labs for testing of Textile - Water repellency/resistance](#)
 - g. [Labs for testing of Medical devices](#)
 - h. [Labs for testing of Endotoxin in surgical/medical items](#)
 - i. [Labs for testing of Pyrogen in medical devices](#)
 - j. [Labs for calibration of Medical Equipment](#) (Patient Monitor, Ventilator, Infusion Pump, Syringe Pump, Defibrillator, Suction Pump, BP Apparatus, ECG Machine, Nebulizer, Radiator Warmer & Infant Incubator, Pulse Oxymeter, Boyles Apparatus, Blood Gas Analyzer, Semi Auto Analyzer, Hematology Analyzer, OT Table, Flow Meter, BiPAP, Autoclave)
 - k. [Labs for testing of `Thermographs for human febrile temperature screening](#)
4. [Precautionary measures from NABL in response to COVID-19 Pandemic](#)
