ILAC- International Laboratory Accreditation Co-operation

In order to enable global acceptance of its accredited Conformity Accreditation Bodies (CABs), NABL maintains linkages with the international bodies like International Laboratory Accreditation Co-operation (ILAC) and Asia Pacific Accreditation Co-operation (APAC).

NABL has obtained ILAC MRA for Reference Material Producers (RMP) accreditation program (ISO 17034) also, in addition to existing MRA in Testing (ISO/IEC 17025), Medical (ISO 15189), Calibration (ISO/IEC 17025) laboratories and Proficiency Testing Providers (PTP) accreditation program (ISO/IEC 17043).

Such Mutual Recognition Arrangement (MRA) is based on peer evaluation and acceptance of other MRA Partner accreditation systems.

ILAC is the international organization for accreditation bodies operating in accordance with ISO/IEC 17011 and involved in the accreditation of conformity assessment bodies including Testing Laboratories, Calibration Laboratories, Medical Testing Laboratories, Inspection Bodies and Proficiency Testing Providers.

The Mutual recognition arrangements enhance the acceptance of products and services across national borders, thereby creating a framework to support international trade through the removal of technical barriers.
