Accepting applications for accreditation of SARS-CoV-2

NABL is accepting applications from laboratories performing Real Time RT PCR Test, RT LAMP Assay, CRISPR - Cas9 based assay, Isothermal Nucleic Acid Amplification test (Closed System) for SARS-CoV-2. Laboratories may apply directly for accreditation of SARS-CoV-2 by different methods.

The laboratories which have been granted accreditation for Real Time RT PCR Test for other RNA viruses during the Final Assessment are advised to apply for accreditation of SARS-CoV-2 during the Onsite Surveillance or earlier.

The laboratories which have been granted accreditation for Real Time RT PCR Test for other RNA viruses during scope extension are advised to apply for accreditation of SARS-CoV-2 during the Renewal of accreditation or earlier.

N. Venkateswaran
CEO, NABL
